

## Welcome to Pocket Flag Project

Folding

Frequently Asked Questions

Press Cover

Our objective is to get as many pocket flags as we can into the pockets of our military personnel on the front lines to know that we care and that we keep them in our hearts and our prayers. **Finished flags are not for sale for any purpose.** These flags are not yet available to give to veterans, active military personnel stationed in the United States or other deserving groups. Our resources are limited and we do not sell flags to fold for any other purpose. We provide them to our front line troops.

We encourage you to contribute to our project by donating funds or by folding and packaging flags to send to the front lines or deploying troops only. Contributions go to purchase more flags to send to more front line troops through a grassroots effort by a nonprofit organization entirely funded by donations. We need your contribution to keep going and to provide flags to all the front line troops.

For more information read all that is available here at the website first. Then if you have any additional questions, contact us at:

[info@PocketFlagProject.com](mailto:info@PocketFlagProject.com)

OR MAIL YOUR TAX DEDUCTIBLE CONTRIBUTION TO:

**POCKET FLAG PROJECT**  
P.O. BOX 740847  
ARVADA, CO 80006

Orders for flags to fold are handled through this P.O. Box. Send your payment (Check or Money Order payable to Pocket Flag Project), shipping address, e-mail address, and the number of flags you want in boxes of 300. We are not able to accept credit cards. If 300 flags seems too many for your group to fold, check with other groups in your area or ask someone to split the order with you. This has been very effective. We are not able to split boxes here.

Our flags are **\$90** for 300 pre-cut flags including shipping to you. These flags are pulled from the manufacturer's inventory. There is no sewing or trimming required. The fabric is a poly cotton blend that does not fray unless washed and refolded several times. Flags are made in the USA.

This website is THE RESOURCE for information you need to assist with the Project and to see how it grows. This is the place where anyone wanting information about the process should come for all the information they need. Recruit as many possible volunteer groups to this website for the latest information and so that they get all their questions answered much easier than you trying to tell them all of this and possibly missing something important.

### **IN THE BEGINNING---**

The Pocket Flag Project was conceived in October 2001, after visiting with fellow Boy Scout leaders who are veterans who served in Vietnam and the Gulf War. Both of them carried small, folded flags in their left shirt pockets. These flags were so important to them, and are to them.
